II. JOINDER OF CLAIMANTS-HYDROGRAPHIC SURVEY REPORT

A. No later than twenty (20) days following the entry of this Order, the United States shall generate *Consent Orders* for Claimants identified by the hydrographic survey reports for Sub-Areas 9 and 10, and forward those *Consent Orders* to the State of New Mexico (“State”) for review. Within twenty (20) days of its receipt of a *Consent Order* from the United States, the State shall

either indicate its approval by executing the *Consent Order* and returning it to the United States, or notify the United States of its objections to the *Consent Order*.

B. All *Consent Orders* will be joint *Consent Orders*. If the State does not approve a *Consent Order*, that *Consent Order* shall not be served on the Claimant.

C. Service on known claimants in Sub-Areas 9 and 10 shall be accomplished by the United States. Claimants not already joined as defendants shall be sent a packet by certified mail that includes: (1) the August 2003 *Amended Complaint*; (2) a *Request for Waiver of Service of Summons*; (3) two copies of a *Waiver of Service of Summons*; (4) a copy of the *Notice of Water Rights Adjudication* (as attached to this order); (5) a proposed *Consent Order*, signed on behalf of the United States and the State, including a detailed map or aerial photograph showing the location of water uses described; (6) a *Request for Consultation Form*; and (7) a form *Answer*. If no *Request for Waiver of Service* is returned to the United States within 30 days, the Claimant shall be personally served with the *Summons*, *Complaint* and other information in the packet. Claimants already joined to the suit shall be sent a packet by certified mail that includes the *Notice of Adjudication*, the proposed *Consent Order* executed by the United States and the State, a *Request for Consultation* form, and a form *Answer*.

D. Service on known Claimants whose whereabouts are unknown, and unidentified and unknown Claimants in all Sub-Areas shall be made by publication by the United States after the last hydrographic survey report for the Zuni River stream system has been completed and filed with the Court. The publication shall include a copy of the *Notice of Adjudication*.

E. Mailing of a service packet by the United States to a Claimant shall be done within thirty (30) days after the *Consent Order* has been executed and returned by the State.

F. The *Notice of Adjudication* generated by the Court explains the adjudication process, and the Claimant's rights and obligations under this Order. In order to conserve funds and resources, the *Notice of Adjudication* mailed to Claimants may be printed double sided, single spaced, with reduced margins.

G. A *Request for Consultation* form shall be provided so that Claimants may request in writing a consultation with the United States and the State in the event they disagree with any element of the proposed *Consent Order*, pursuant to paragraph III.B.1. The *Request for Consultation* shall identify the Claimant, the subfile, and the nature of the dispute.

H. The proposed *Consent Order(s)* shall set out all the elements of the respective water right.

I. A form *Answer* is provided for parties who disagree with the proposed *Consent Order*. Any subfile *Answer* filed with the Court must identify the subfile, explain the Claimant's reason for disagreeing with the proposed *Consent Order*, and include a statement that the Claimant has made a good faith effort to consult with and resolve the disagreement with the United States and the State.

III. RESPONSES

A. Agreement

1. **NO LATER THAN APRIL 10, 2006**, Claimants who agree with all of the elements of the water rights claims as set out in the proposed *Consent Order(s)* may sign and return each order to the United States. The United States shall submit the signed orders to the Court for approval and filing, and shall forward a copy to the State within thirty (30) days.

2. A signed and returned *Consent Order* serves as the Claimant's *Answer* to the *Complaint*. As between the United States, the State and the Claimant, the *Consent Order* finally

adjudicates the water rights elements contained therein. Each *Consent Order* is subject to challenge by other Claimants during the *inter se* proceedings, which will be scheduled following the completion of subfile activity.

B. Disagreement

1. **NO LATER THAN MARCH 10, 2006**, Claimants who disagree with any element of the proposed *Consent Order* shall return to the United States their *Request for Consultation*, as described in paragraph II.G. Good faith participation in consultation with the United States and the State is required to satisfy the discovery requirements of Rule 26(a)(1)(A) and (B) of the Federal Rules of Civil Procedure, and must be accomplished before the dispute can be placed before the Court. Accordingly, Claimants are required to consult with the United States and the State, and are expected to make available documents or other information that support their position. To the extent possible, the United States shall have available at consultations the data upon which the *Consent Order* is based. Information that cannot be provided to the Claimant at consultations shall be disclosed to the Claimant and made available for examination at the Hard Copy Repository maintained by the United States at the University of New Mexico's Zollinger Library in Gallup, New Mexico. If the disagreement can be resolved at the consultation, the Claimant shall sign either the original *Consent Order* or a new *Consent Order* that incorporates any changes agreed upon. The United States shall submit the signed orders to the Court for approval and filing, and shall forward a copy to the State within thirty (30) days.

2. **NOLATER THAN APRIL 10, 2006**, Claimants who still disagree with the proposed *Consent Order* after consultation with the United States and the State shall file the form *Answer*

included in the service packet with the Court, and shall mail a copy of the form *Answer* to the United States, which shall forward a copy to the State within thirty (30) days.

3. A form *Answer* disagreeing with the proposed *Consent Order* must identify the subfile, explain the Claimant's reason for disagreeing with the proposed *Consent Order*, and include a statement that the Claimant has made a good faith effort to consult with and resolve the disagreement with the United States and the State.

C. Failure to Respond

1. A Claimant's failure to make a request for consultation, or make other arrangements with the United States for a field investigation no later than **March 10, 2006**, shall be considered grounds for entry of a default order that incorporates the proposed *Consent Order*, in accordance with the criteria set forth in paragraph III.C.3 of this Order.

2. **A Claimant's failure to sign and return a *Consent Order* or file a form *Answer* by April 10, 2006, shall be considered grounds for the entry of a default order which incorporates the proposed *Consent Order*.**

3. The United States shall request the Clerk of the Court, under Rule 55(a), to enter the default of Claimants who have failed to sign and return a *Consent Order* or file a form *Answer* by April 10, 2006. Provided, (a) no default shall be entered against any Claimant who has not been properly served with process or waived such service; (b) no default shall be entered until a Claimant has had at least thirty (30) days to review a proposed *Consent Order* or revised proposed *Consent Order* sent by the United States; and (c) no default shall be entered if the United States, the State and the Claimant jointly move the Court to extend the deadline for filing an *Answer*.

IV. STATUS CONFERENCE

A status and scheduling conference concerning Sub-Areas 9 and 10 will be held on February 9, 2006. The time and place will be included in an order issued by the Special Master. Counsel for the United States shall be prepared to report on the progress of the adjudication of water rights in Sub-Areas 9 and 10 to date, and to discuss further scheduling requirements, including potential hearings in disputed individual subfile proceedings.

V. CHANGE OF ADDRESS OR OWNERSHIP

All Claimants, whether or not they are represented by counsel, are responsible for informing the United States of any changes in their mailing address or changes in ownership of water rights or real property associated with the rights by filling out the *Change of Address or Ownership Form* (attached to the *Notice of Adjudication* as Form A) and forwarding it to Attn: Zuni Adjudication, U.S. Department of Justice, Suite 945N, 999 18th Street, Denver, Colorado, 80202 within thirty (30) days of such a change.

IV. SERVICE OF THIS ORDER

The United States shall serve this Order on all water rights claimants identified within Subareas 9 and 10.

IT IS SO ORDERED.
