Re: Summons in a Civil Case  
Case Number: 01cv00072-BB

Date: September 3, 2007

Follows an answer to the complaint regarding the use of the waters of the Zuni River stream system in New Mexico and the right to the use of the waters of the Zuni River stream system and the basis of my claim to the use of those waters.

I own the property located in Block 2 Unit 1, Lot 7, Timberlake Subdivision, Ramah, New Mexico. I purchased this property complete with water rights. There is a well on the property which produces the water that I use .

Currently I camp on the property.. I use the water to cook, ywash, and clean. I use the water for my pets, for the garden, and for the plants and trees on the land. I pan to build a house and live on the property. A this point I will be using the water to

- drink
- cook meals
- clean the house inside and out
- wash ourselves and our pets
- water the pets
- do laundry
- flush the toilet
- water the garden
- wash our vehicles
- water the trees
- complete any and all tasks involved in the daily upkeep and maintenance of the property, myself, my family, our pets, and our possessions

The water from the well on this property will be used daily and consistently. I purchased the water rights with the property. The daily use of the water will be necessary to maintain the health and safety of my family and me. Therein lies my claim to the right to use the waters of the Zuni River stream system..
