Notice of Response to Motion for Summary Judgement

First I will acknowledge that according to The Notice of Completion filed by Mistrs Sam Gollis Andrew "Guss" Guarino, And Bradley Bridgewater, this Response is not timely filed.

There is an explanation for this. I had no idea that I could file a response or if there was a time frame. If I was told that this was a possibility, it was hidden in the unintelligible legalize with which the aforementioned individuals appear to be intent upon girding themselves.

On page 3 of their summary judgement they state "First the language which the Grizzles purport to rely cannot be found in the pacific railroad act of 1862."

My response: They either have not read the document or they are outright liars. I have read the document and I know what it says. (The original copy of this document is located in the National Archives in Washington DC and I can request a copy if Need be.)

Suffice to say these three individuals are behaving like playground bullies who are intent on taking advantage of younger children who don't know the rules.

These three individuals know that I am not a lawyer and that I haven't hired one. They probably also know that I am elderly, and therefore assume that I am easy to take advantage of.

What they probably don't know is that I am 72 years old, a disabled veteran and I have spent the past 49 years in the workforce, and I am still working.

I spent three years of my life defending the freedoms and rights of these individuals and they repay me with this charlatan like behavior? I am deeply chagrined.

In conclusion I respectfully request the court to enter an order in my favor and against the United States and the state of New Mexico.

Respectfully Submitted
