Re: 2006 Planning meeting for three Northern New Mexico stream system adjudications:
Counsel of Record: State v. Aragon, No. 69cv07941; State v. Abbott, No. 68cv07488;
State v. Abeyta, No. 69cv07896

Dear Counsel:

I apologize for this short notice. The Office of the State Engineer has today requested that case activity priorities for United States v. A. & R. Productions, et al., the adjudication of the Zuni River Basin, be included in the July 20 planning meeting as referenced in the attached letter.

No substantive issues will be discussed at this planning meeting. After the meeting, all counsel of record for the four northern New Mexico adjudications will receive a working draft of the next Administrative Order on Case Management Priorities and an opportunity to comment on the draft before the final order is entered.

Thank you for your attention to this matter.

Very truly yours,
